Dear Sirs:

We would be interested in exchanging with you recorded interviews with players, coaches, etc. of interest to sports fans (or something). We were thinking, in particular, of:

- a) an interview with the athletic director of the institution, explaining the school's basic athletic policy.
- b) an interview with the coach, discussing just what you'd expect a coach to discuss.

These interviews may be five or seven minutes in length, and recorded on disc (ET). We would like to get them in time to present on the Monday and Tuesday, or Tuesday and Wednesday, before the Harvard-Yale game; and we would be glad to supply you with our ET's, if you are interested, at any time you would like.

Yours truly,

Sports Department
